

# **Graphex® Precision**

# **Features**

- 18-gauge Graphex® cut resistant yarn perfect for precision tasks requiring high dexterity
- Certified to Contact Heat Level 1 under EN 407:2020
- Contact Food Safe under compliant EN 1186
- Sandy nitrile coating for superior use in wet and dry conditions
- Extended thumb and forefinger saddle for product longevity
- Extended wear with up to 12,000 abrasion cycles
- Touch Screen friendly
- Silicone and fibreglass free construction
- Actifresh treated to inhibit odours and bacteria
- 360 degree breathability
- UPF50+ offering maximum sun protection

# **Standards & Certification**

Graphex® recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise. Graphex source their entire range of Synthetic hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Graphex have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products. All of Graphex's hand protection is certified as per UKCA and CE hand protection standards.

# **Specifications**

Part No. GFPR400

Liner 18-gauge Graphex®

Coating Sandy Nitrile

# **Packaging**

# Sizing & Fit

#### **Available Sizes**

GFPR400.XS X Small

GFPR400.S Small

GFPR400.M Medium

GFPR400.L Large

GFPR400.XL X Large

GFPR400.2XL 2X Large

■ GFPR400.3XL

#### **Dexterity Level**

Maximum Dexterity Level 5 Certified under EN ISO 21420:2020

# **Key Technologies**

# **Graphex® Yarn**

Graphex® yarn provides the highest levels of mechanical performance, with exceptional comfort and dexterity.

# Actifresh

The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

# **Touch Screen Friendly**

The wearer can leave their gloves on while answering phone messages, reducing the chances of a workplace hand injury.

# Reach Compliance Required Safe pH Level

Certified under EN ISO 21420:2020

**AZO Dye and Irritant Chemical Free** *Certified under EN ISO 21420:2020* 

#### **Glove Care**

Machine Wash <40°C Cold Water Rinse Dryer <60°C
