

Graphex™ Glove Sizing Chart

NB2056
CEC40300

CERTIFIED SIZING

Force360 has certified the sizing of the Graphex™ range to AS/NZS 2161.2:2005 and EN420:2003.

Glove sizing chart should be used as a guide always wear actual glove sample in order to confirm correct sizing.

The Graphex™ Glove Range

As far as cut resistance is concerned, the Graphex™ glove range offers the utmost protection. However Force360 recognises one glove does not cover all applications so we created an entire range to service industries from General Assembly through to Oil & Gas. Whether you need a liquid resistant glove or TPR back of hand protection, there is a Graphex™ glove that will meet your requirement.
